

## Reflection Worksheet

Name: \_\_\_\_\_

Problem Set: \_\_\_\_\_

Please write a paragraph reflecting on the learning process while both working on and grading this problem set. Be as specific as possible. For example, what skills did the problem set help you to improve? which learning goals did this problem set help you to work towards? are there skills related to the problem set where you still need more practice? what concepts do you now understand, or don't yet understand? what questions do you have about the material or problems? did you notice any misconceptions or repeated mistakes? what approaches did you try that did work/did not work? what emotions did the problem set evoke (for example pride, frustration, confidence, confusion) and why? What is your plan of practice to prepare for the quiz, and why?
